

El Chaparral Golf Club (Costa del Sol)

Best Golf Course in Costa del Sol 2006 (Andalucia Golf Magazine)

El Chaparral is an 18 hole golf course which sweeps along the undulating coastline of Mijas Costa, approximately 20 minutes drive from Malaga.

The course and Clubhouse are unique on the Costa del Sol. Practically every hole overlook the sea, and the nature of the terrain, the indigenous vegetation and pine forests ensure that no two holes are alike. Indeed with six par 3's, six par 4's and six par 5's it is a beautiful and challenging course to play.

Imagine yourself poised on the tee, your attention distracted only by the panorama, the warm sea breezes and the scent of the Mediterranean brush and pine. A golfers paradise!

Technical Characteristics

Designer: Pepe Gancedo
